

Dear Parents/Guardians:

This school year Title 1 has been extended to include the students in Grade 6. EOG scores, teacher recommendation, and scores from a reading assessment are being used to determine if your child needs additional help at this time. The Title 1 Reading Program is designed to give the student this additional help.

Because your child's schedule does not have this program included in the classes of the day, pull out will be necessary. This means that the student will be pulled out of either Wheels or PE.

The staff at Clover Garden is committed to seeing that your child is given every opportunity to achieve success. Please take advantage of this help by signing and returning the attached paper as soon as possible.
